

VUMI SAMPLE™ - Repository (Photo/Illustration)

The screenshot displays a VUMI ePortfolio interface. On the left, a 'Photo Gallery' window is open, showing a photo of a green alien character next to the text 'URCHIN entertainment'. Below the photo, a metadata box lists: Album: My Reflections, Photo: Urchin Entertainment logo, and Info: (with a download icon). The main background of the portfolio features a large, stylized 'URCHIN entertainment' logo. On the right, a 'My Reflections' panel provides details for two items:

Title	Date	Content
Branding	08/03/2010	A brand is a name used to identify and distinguish a specific product, service, or business. A legally protected brand name is called a proprietary name.
Spot & Process colours	08/03/2010	Spot colours are the preferred method of producing stationery inexpensively. This is also the method used where colour accuracy is also deemed essential. The standard reference guide to spot colour work is Pantone.

Below the metadata panel, there are navigation tabs for Downloads, Photos, Videos, Audio, and Links. A 'Leave feedback for this page' button is located at the bottom of the panel. The VUMI logo is visible in the bottom right corner of the interface.
